16. At all material times it was reasonably foreseeable to Powercor that:

- (a) a discharge of electricity from the Powerline could cause the emission of electricity, heat or molten metal particles ("**sparks**") from the point of discharge;
- (b) electricity, heat or sparks emitted from a point of discharge could cause electric shock or burns to persons or property in the vicinity of the point of discharge;
- (c) electricity, heat or sparks emitted from a point of discharge could cause the ignition of fire in combustible material exposed to the electricity, heat or sparks;
- (d) such fire once ignited might spread over a wide geographic area;
- (e) the fire could cause death or injury to persons and loss of or damage to property within the area over which the fire spread, and consequential losses including economic losses;

Particulars relating to individual subgroup members will be provided following the trial of common questions or otherwise as the Court may direct.

23. At all material times each of:

- (a) the risks referred to in paragraph 16 above; and
- (b) the risk that a fire ignited as a result of the failure of a power pole which brought the Powerline and its Installations in contact with flammable materials, would unreasonably interfere with the use or enjoyment of interests in land over which the fire passed, by the persons entitled to the said use or enjoyment;

were reasonably foreseeable to Powercor.

24. By reason of the matters set out in paragraph 20 Powercor:

- (a) caused electricity, heat or sparks from the Powerline to come into contact with combustible material on a property at 974 Sisters-Garvoc Road, The Sisters; and thereby
- (b) caused the ignition of the Garvoc Fire, which spread to the Affected Area being land upon which the plaintiff or subgroup members had interests.

25. The Garvoc Fire unreasonably interfered with the use or enjoyment by the plaintiff and subgroup members of their interests in the lands over which the fire passed.

26. In the premises, the plaintiff and each of the subgroup members suffered nuisance created by Powercor.

Common Questions of Law or Fact
